

# 2024 SDR On-Demand Webinars

## CSP Exam Checklist

Refer to the “2024 SDR On-Demand Webinars” email and the “2024 SDR On-Demand Webinars – Best Practices” handout. Prior to taking the CSP (seismic) exam, it is strongly recommended that you complete ALL of the following:

- ☐ Read SDR Workbook Part 1 – Lecture Notes (i.e., Chapter 1 through 14)  
**NOTE:** Using the “2024 SDR On-Demand Webinars – Video Outline”, read the chapter section(s) that will be covered in that video before viewing the video. Example: read Chapter 3 - §3.1 to §3.4 before viewing SDR Chapter 3 - Part 1 video.
- ☐ View all of the 2024 SDR On-Demand Webinar videos (i.e., each chapter is assigned to a channel)
- ☐ Solve SDR Workbook Part 2 – Example Problems (two or more times) and view any problem with commentary in the “Example Problems” video channel (as needed)
- ☐ Solve SDR Workbook Part 3 – Multiple Choice Problems, chapter by chapter as you complete all the videos for that chapter
- ☐ View/solve the Practice Problems #1 and Practice Problems #2 videos
- ☐ View the Final Review videos (i.e., Part 1 to Part 4)
- ☐ Solve the SDR Practice Exams (3 exams separate from the SDR Workbook) timed to 2.5 hours maximum each, and ideally staggered several days apart
- ☐ Solve additional CSP practice exams (e.g., AEI, PPI, EET, etc.) timed to 2.5 hours maximum ... stagger with SDR Practice Exams #1, #2 and #3
- ☐ Request access to the online CBT Practice Exam AT LEAST 2 weeks BEFORE your CSP exam
- ☐ Take the online CBT Practice Exam hosted on ClassMarker.com (two times if necessary) timed to 2.5 hours maximum, 1 to 2 weeks before your CSP exam
- ☐ View the Final Review videos again a day or two before the CSP exam (for a quick review/re-fresher)
